# XXXVIIIth CONGRESS .... Pirat Scanion. FROM GEN. BUTLERS COMMAND.

ADJOURNMENT TILL MONDAY.

Mr. HOLMAN (Dem., Ind.) offered a resolution, that when the House adjours to-day it be until Monday, so that members may have leisure to visit the wounded officers and soldiers from their respective Congressional districts, alleviate their sufferings, and see that they are properly eared for.

Mr. Spaulding (Un., Ohio) moved to amend by substituting for "wounded officers and soldiers" the words "female acquaintances." (Laughter.)

The Speaker declared the motion of Mr. Spaulding ent of order, as Mr. Holman had previously demanded the previous question, which was seconded.

The resolution of Mr. Holman was then passed—Yeas, 76; Nays, 46.

Mr. Webster (Union, Md.), from the Committee of Conference on the disagreeing amendments to the bill extending a Territorial Government in Montana, made a report thereon, which, he said struck out the Scante's afficiencent giving the right of suffrage to colored persons, and consigned it to every free white male citizen of the United States and those who have declared their intention to become such.

The report was concurred in by a vote of 102 against 26. The Semate had already agreed to the report.

Mr. Cox (Dem., Ohio) here rose and asked leave to introduce the following resolution:

Resolved, That the foreible selsure by the Federal military authorities at New York of the offices of The New York World and Journal of Commerce, and the empension of their papers for the innocent publication of a forged State paper, is an act unwarranted by the circumstances connected with said publication, an arbitrary outrage upon the constitutional rights of the citizen, and deserves the reprobation of every friend of weblic libers and private right.

AFFAIRS ALONG THE SOUTH BANK OF THE RIVER.

The enemy have occupied Hoods on James River, better known as Fort Powhatan. This is about 30 miles below City Point, and would be a most capital position for heavy artillery, the river at this point being very wide, and the channel hurging like south simultaneously, and the banks very high and precipitons. The place is now occupied by two regiments of negro troops, where now completely represented the send of the Linder States of America the Seth.

On Friday, two of the enemy's gunboats got aground opposite the residence of Mr. Marins William, and at last accounts had not been gotten off. The enemy were wasting a vast deal of ammanition in the direction yesterday, and it was doubtless for the purpose of protecting these grounded craft from "masked batteries."

Sam. Medary, editor of The Columbus Crisis, was arrested at Columbus this morning, and has been brought to this city.

Major Harrison, on Gen. Picketts stall, while reconnicting yesterday in the vicinity of City Point, was suddenly surprised by a party of Yankee pickets, and pursued for some distance. The Major finally succeeded in elading his pursues by leaping to the ground and seeking shelter in some undergrowth, from whence he wended his way to a place of safety. He lost his horse, as did also a courier who was with him.

ANOISER RIOT CASE.

George Torge agt. The Mayor, Aldermen, &c.

This action was brought to recover the sum of \$3.16, and interest from 12th July, 1853, for personal property destroyed at that time by rieters. On the trial (which compied three days) it appeared that plaintiff was at that time properieter of a lager-beer salcon on Third avenue, between Fortysith and Forty-ses enth streets, occupying premises adopting those of the Provost Marshal.

The premises occupied by the plaintiff were destroyed by fire communicating from the Provost Marshal's office. The plaintiff proved by his own testimony, and that of his withnesses, that the value of the property destroyed was the amount claimed, less the sum of \$300 for loss of business. Among the items of the loss of which the plaintiff claimed damages, was one feather hed of the alleged value of \$150, and three pillow-cases of the value of \$150 for loss of business. THE COST OF LIVING IN NEW-YORK. FIGURY, P. M., May 20. We give below quotations of some of the leading articles of food, sold in small quantities for ordinary family consumption, and shall make the list more and fruits are found on sale. Our range includes fair to good articles, omitting cheap, stale meats and vege-tables, and not embracing the high prices paid by some of the first-class restaurants and saloons for extra fine productions. Warm weather, high prices and the season for substituting new for old vegetables, all tend to limit purchases to immediate wants. New vegeta-bles are fast taking the place of old, and with free receipts, they are declining in price below former quotaceipts, they are declining in price below former quota-tions. There was a very large attendance in the court room this afterneon of parties anxious to see the result of the frouble existing between the two Boards of Tax Commissioners.

The subject came up on an order made by Justice Barnard, directing Josiah W. Brown and Amor J. Williamson, to deliver to the newly appointed Commissioners, Messrs. Allen, Purser and Woodraff all the papers, books, &c., now in their possession. The Justice granted the order upon the petition of the new Commissioners, which sets forth that the old Board had been removed, and had refused to deliver up the papers and books of the office to them.

William Curtis Noyee and John McKeon appeared for the old Board and ex-Judge Allen and Thomas C. Fields for the new. John E. Bereim, est, appeared for the city.

Messrs. Noyee and McKeon raised an objection that though the order had been granted, had not, and they be lieved that such a course was absolutely necessary.

Ex-Judge Allen claimed that under the statute the mere service of the order was sufficient to give the opposing parties notice of what they would be required to answer.

The Court intimated that in the opinion it was necessary that all the papers upon agreed that the matter should go over till next Tuesday.
